2021 PRAYER  
FOCUS

# LY

- ignite a spiritual passion for Jesus among our kids, youth and young adults
- engage, equip and release the next gen for Kingdom works
- behold every person as made in God's image and equal in Christ
- cultivate curiosity to ask, listen and learn from each other's culture
- foster an environment of love and joy for people of every nation
- follow Jesus' functional leadership into the unknown, being sensitive to His promptings and respond boldly to try new methods of ministry
- adopt a "start-up" mindset in a shifting landscape and implement lessons that Jesus has taught us through COVID
- discern any changes to the design of our future building
- provide service to, and restoration of, people in our community
- extend care in healing, wholeness, mental health and practical help
- deepen our hearts for serving and resourcing global missions, not only with our missional partners, but also the global work of the C&MA
- make disciples of all nations of our world
- pray, give and serve in the mission field
- grow in the character of Jesus: die to self, live in Spirit, tear down idols in hearts and pursue genuine transformation in Jesus-likeness
- inculcate our discipleship framework: pursue a responsive relationship with our triune God that motivates us to intentionally grow in faith, love in community and serve in mission
- renew lives that have grown cold and spiritually apathetic
- live "given" – in surrender to Christ and in sacrificial love for others
